Form D
TRANSPORT PERMIT APPLICATION

Date: _____

Instructions

⚠ Please type or print legibly. This application is to be used for authorization to transport water produced from a non-exempt well off the property from which the water is produced, for use within the District. Rule 20 of the District Rules govern the issuance of transportation permits. Rules 5, 6, 7, and 8 of the District Rules governs the issuance of permits for wells. In addition to this permit, the well or wells producing water to be transported under this permit must have valid operating permits issued in accordance with the provisions of Rule 20 of the District Rules.

Applicant

The applicant for this authorization is the well:

Place an "X" in the appropriate space.

Owner Operator Property Owner

Application Purpose

Application is hereby made to the Duval County Groundwater Conservation District for authorization to transport a quantity of water produced from a groundwater well located within the District for use outside of the District. Rule 20 of the DCGCD Rules states "Every person who produces water from permitted wells located, within the District, when all or any part of such water is transported for use, or for intended use, off the property from which the water is produced, but within the District, must register the production under this Rule. The term 'property from which water is produced', as used in this subsection, shall be construed to mean water rights owned by an entity within a continuous perimeter boundary situated within the district. Transportation of water requiring registration under this Rule includes transportation by pipeline, vehicle, channel, ditch, watercourse or other natural or artificial facilities, or any combination of such facilities."

Fax Number: _____

E-Mail address: _____

Proposed Use of Water Produced

Attach a statement of the nature and the purpose of the proposed use or uses and the amount of the transported water to be used for each purpose if more space is required.

Well Information

Submit this information for each well to be used to produce water to be transported under this permit to a destination outside the District for use outside the boundaries of the District.

DCGCD Well Number: _____
Location of Well: Address: _____
City: _____ State: _____ Zip: _____
GPS Coordinates: _____ N ; _____ W

Status of well as of application date:
_____ Operating Well (Date drilled _____)
_____ Well Completed but not operating (Date Drilled _____)
_____ Well Drilling permit and Well Operating Permit awaiting approval
Annual permitted production of well is _____ gallons.
Time schedule for completion of construction and/or operation of facility:

Total GPM Capable of Being Produced by this Pump: _____ GPM
Normal Rate of Production: _____ GPM
Make and Model of Pump: _____
Motor Type: _____ Horsepower: _____
Percent of efficiency of pump: _____
Anticipated duration required for he proposed use of the water: _____

If water is to be used for injection water within Duval County, Please attach quality testing results as per District policy.

This information for additional wells is to be submitted, in the above format, as an attachment to this application.

Quantity transported

Authorization to transport the following quantity of water annually for use outside the District is requested:
_____ Gallons

A transportation permit is issued for a period of time in accordance with Texas Water Code, Section 36.122(h) (2) and (i). A technical description of the facilities to be used for transportation of water and a time schedule for any construction thereof must be attached so that the district may determine the transportation permit term. A log provided by the District of all water sales must be filed monthly with the District.

Receiving location

Describe the location or locations that will receive water transported out of the District under this permit. Please include a description of the entity’s service area, metering and leak detection and repair program for its water storage, delivery and distribution system, drought or emergency water management plan and information on each customer’s water demand, water conservation measure and goals, and the means for implementation and enforcement.

If additional space is needed, please attach additional sheets as necessary to fully document the recipient location for water transported out of the district under this permit.

Water Availability

Discuss the availability of feasible and practicable alternative water supplies for the use given above. Attach a separate sheet if more space is required.

Could any other liquids which are both technically feasible and economically reasonable for you to substitute for the fresh groundwater be used for this purpose? _____

If yes, describe the possible sources of such liquid, including quantity and quality.

Projected Aquifer Effects

Discuss the projected effect of the proposed transfer on aquifer conditions, depletion, subsidence, or existing permit holder or other groundwater users within the District. Attach a separate sheet if more space is required.

Documentation, Attachments and Fees

The following documentation, attachments and fee payments must accompany this application when it is submitted for consideration by the District.

- a. Plat or map showing location of the property and location on property of well(s) for which application is submitted showing location of existing or proposed well(s), location of the existing or proposed meter(s) for compliance to section d. of this item, the location of the existing proposed water transporting facilities and the location of the proposed or increased use or uses.
- b. If the owner and /or the operator of well(s) are different from the property owner, provide written documentation from the property owner authorizing construction and operation of well(s).
- c. The applicant’s water conservation plan and if any subsequent user of the water is a municipality or entity providing retail water services, the water conservation plan of that municipality or entity shall also be provided. In lieu of a water conservation plan, a declaration that the applicant and/or a subsequent user if any subsequent user is a municipality or entity providing retail water services will comply with the District Management Plan as stated below.
- d. The applicant’s Drought Contingency Plan and a copy of any subsequent user’s Drought Contingency Plan or a declaration that the applicant or a subsequent user will comply with District rules, policies and Board actions in drought conditions as stated below.
- e. Copies of any contracts between the applicant and any users if they are someone other than the applicant.

Certification

I, the undersigned applicant, hereby agree and certify that:

- a. in using the well(s), I will avoid waste, achieve water conservation, protect groundwater quality and the water produced from the well(s) will be for a beneficial use;
- b. I will comply with all District and State well plugging and capping Guidelines in effect at the time of well closure;
- c. I agree to abide by the terms of the District Rules, the District Management Plan and orders of the District board of Directors currently in effect and as they may be modified, changed and amended from time to time;
- c. I hereby certify that the information contained herein is true and correct to the best of my knowledge and belief.
