WATER SAVING TIPS

1. Limit showers to 5 minutes.
2. Run only full loads of laundry.
3. Teach your children to turn off faucets tightly after each use.
4. Sweep, never hose a driveway.
5. Scrape dinner plates instead of rinsing.
6. Turn water off while brushing teeth.
7. Water the landscaping not the driveway and sidewalks.
8. Use dishwasher instead of sink.
9. Use shower warm up water for watering plants.
10. Check for leaks & make repairs.

What's in Your Water?

The Duval County Groundwater Conservation District is currently taking applications for their water well testing pilot program. Interested applicants should contact general manager Luis "Louie" Pena for more details or visit at our office located at 225 East Railroad Avenue in Benavides.

District Purpose:

The purpose of the district, as per Texas water code 36, Section 36.00.15, is to provide for the conservation, preservation, protection, recharging and prevention of waste of groundwater and of groundwater reservoirs or their subdivisions and to control subsidence caused by the withdrawal of water from those reservoirs. It has an obligation under Texas Water Code 36.107 to develop a groundwater management plan that will state how the district will meet that purpose. Under Texas Water Code 36C Section 36.101, the District has the authority to adopt and enforce rules that the district feels are needed to carry out that purpose.
