## PRAYER FOR RAIN

God of Life, All Good Things Come from You.  
The Breath of Life that Creates Us, the Fellow  
Creatures that Accompany Us  
The Saving Waters that Renew and Refresh Us  
We Look to You in This Time of Need.  
Give to the Earth the Water Of Life,  
Water to Bring Forth Food for your Creatures,  
Send us Rain to Heal The Earth and Cleanse  
It's Face, Water to Quench Your Thirsty Land.  
Let Faith Be Born From Our Doubts, Hope from  
Our Despair, Compassion From Our Troubles,  
LET THE RAINS COME, So We May Know  
Once More, Your Care For All Creatures.  
We Will Bless Your Great Name And Declare  
Your Faithful Name.  
We Ask This Through Christ Our Lord.

## Amended Rule on Well Plugging Program:

Allows an assignment of rights to allow applicants easier access and eligibility into participation. For more information and details please contact the office.

The Duval County Groundwater Conservation District is currently taking applications for their water well testing pilot program. Interested applicants should contact general manager Jorge (George) L. Gonzalez for more details or visit at our office located at 231 East Railroad Avenue in Benavides.

The purpose of the district, as per Texas water code 36, Section 36.00.15, is to provide for the conservation, preservation, protection, recharging and prevention of waste of groundwater and of groundwater reservoirs or their subdivisions and to control subsidence caused by the withdrawal of water from those reservoirs. It has an obligation under Texas Water Code 36.107 to develop a groundwater management plan that will state how the district will meet that purpose. Under Texas Water Code 36C Section 36.101, the District has the authority to adopt and enforce rules that the district feels are needed to carry out that purpose.
